Что выводит (кратко)	404 page not found
Где припаркован	регистратор: Alibaba Cloud Computing (Beijing) Co., Ltd.

Про домен 183.233.197.205

В коде магазина циферблатов OpenWearPlay зашит тестовый адрес [http://183.233.197.205:8096/...](http://183.233.197.205:8096/) — запасной сервер разработчиков для проверки витрины приложений часов. Сейчас хост не отвечает (таймаут). На вид это внутренний тестовый IP вендора, а не раздача сторонних офферов.

Про домен acdn1.moyoung.com

CDN вендора Moyoung: с него приложение качает данные вспомогательного позиционирования (AGPS/EPO) для браслета. Корень отдаёт отказ доступа к бакету Alibaba OSS — публичной страницы нет. По VirusTotal чисто, регистратор Alibaba Cloud.

Про домен ai.azure.com

Служебный адрес Microsoft Azure AI / Foundry: используется стеком голосового помощника часов (OAuth и облачные модели). Открывается как обычная страница Microsoft Foundry без редиректов. Один вендор пометил домен как malicious, остальные — чисто; на вид это крупный облачный сервис Microsoft.

Про домен aip.baidubce.com

API Baidu Cloud для распознавания и синтеза речи в AI-функциях часов. Отдельной публичной витрины нет, редиректов нет. По VirusTotal чисто — типичный служебный endpoint китайского облака Baidu.

Про домен aispace.baidu.com

Сайт Baidu про «умный пространственный»/картографический AI; попадает в пакет вместе с картами и голосовыми SDK Baidu. Открывается как страница Baidu без редиректа на сторонние офферы. По проверкам выглядит безопасно.

Про домен altair.moyoung.com

Основной AI-бэкенд Moyoung: вход по OAuth, распознавание речи, озвучка, чат и генерация картинок для функций браслета. Это свой сервер производителя прошивки DaFit/Moyoung, не сторонний лендинг. VirusTotal без детекций.

Про домен aomedia.org

Сайт Alliance for Open Media (кодеки AV1 и др.). Попадает из медиа-стека (ExoPlayer/FFmpeg-связанные строки), а не как сервер приложения. Редиректов нет, страница организации стандартов. На вид безопасно.

Про домен api-cdn.moyoung.com

CDN/API Moyoung для циферблатов и медиа-ресурсов браслета. Приложение ходит сюда за каталогом и файлами циферблатов. Это инфраструктура того же вендора DaFit/Moyoung; VirusTotal без детекций, регистратор Alibaba Cloud.
