Где припаркован	регистратор: OVH sas

Это служебный адрес платформы внутриигровой рекламы Gadsme. Из нативной библиотеки игры на него ходят запросы, связанные с политикой/приватностью рекламных вставок в матче. VirusTotal без детекций; страница ведёт на обычный сайт Gadsme. На вид это легитимный рекламный SDK, а не скрытый «шлюз» оффера.

Основной рекламный хост Gadsme для загрузки и показа in-game баннеров и видео внутри футбольного матча. Встроен в нативный код (arm64), рядом с bridge для WebView-креативов. Проверки VirusTotal чистые, редирект на сайт платформы. Используется как обычная рекламная сеть внутри игры KONAMI.
